***Interlibrary Loan Service*** - Innisfil Public Library is part of an information network within the community, within the Southern Ontario Library System and in cooperation with other library systems throughout Ontario and Canada. This service will be offered to customers when the information request cannot be fulfilled by the resources of the Innisfil Public Library system. Staff can access the Interlibrary Loan system via the INFO service provided by SOLS in order to place or track requests on behalf of customers. Staff can also train customers on how to place their own ILLO requests. In return, Innisfil Public Library will share its resources with other library systems, while always giving priority in the use of its resources to its own customers.

***Quick Reference*** – Questions that can be answered immediately using resources readily available in the library.

## **Guidelines**
